Career Goal

To become a pioneering academic figure, driving cutting-edge research, inspiring innovation, and fostering the next generation of tech leaders, while creating a dynamic learning environment that fuels unprecedented advancements.

Research Interests

- Machine Learning
- Physics-Informed Neural Nets
- Computer Vision
- Quantum Computing
- Blockchain
- Control Theory

Education

North South University	2017
<i>Master of Science in Electrical & Electronic Engineering</i>	<i>3.67/4.0</i>
International Islamic University Chittagong	2011
<i>Bachelor of Science in Electrical & Electronic Engineering</i>	<i>3.514/4.0</i>
University Laboratory College	2006
<i>Science, Dhaka Board</i>	<i>3.7/5.0</i>
AK High School	2004
<i>Science, Dhaka Board</i>	<i>4.69/5.0</i>

Online Certification

6.00.1x: Introduction to Computer Science and Programming Using Python	MITx
<i>https://verify.edx.org/cert/98aa9b561646439bb0aa3335a8d21069</i>	<i>edX</i>

Research Experience

Research Manager	Jan 2022 – until the present
<i>Center for Computational & Data Sciences, CCDS</i>	<i>Independent University, Bangladesh</i>
Research Associate	Jan 2020 – Dec 2021
<i>Artificial Intelligence and Cybernetics Lab</i>	<i>Independent University, Bangladesh</i>
Research Assistant	Jan 2016 – Dec 2019
<i>Computer Vision & Cybernetics Group</i>	<i>Independent University, Bangladesh</i>

Teaching Experience

Lecturer	May 2018 – Apr 2022
<i>Sonargaon University</i>	<i>Adjunct</i>
Lecturer	Jun 20216 – Feb 2022
<i>Manarat International University</i>	<i>Adjunct</i>
Instructor	Feb 2014 – Apr 2017
<i>National Institute of Engineering & Technology</i>	
Lecturer	May 2012 – Sept 2013
<i>MCET Engineering College</i>	

Industry Experience

Software Engineer	Mar 2019 – Sept 2019
<i>ISHO Ltd</i>	<i>DekkoISHO Group</i>
Deep Learning Engineer	Sept 2017 – Feb 2018
<i>Socian Ltd.</i>	
Software Engineer	May 2017 – Aug 2017
<i>Business Accelerate BD Ltd.</i>	<i>R&D</i>

Research Outcome: Publications

Journal Paper

- Md Raqibul Islam, Adrita Khan, Mir Sazzat Hossain, Choudhury Ben Yamin Siddiqui, **Md. Zakir Hossan**, Tanjib Khan, M. Arshad Momen, Amin Ahsan Ali, AKM Mahbubur Rahman, “E-PCN: Jet Tagging with Explainable Particle Chebyshev Networks Using Kinematic Features”, <https://arxiv.org/abs/2512.07420>.

Conference Paper

- Mohammad Aftab Mahmud, Md. Ridwan Mahmud, **Md. Zakir Hossan**, Asif Mahmud, Ashraful Islam, M Ashraful Amin, “Blockchain-Enabled Voluntary Carbon Credit Marketplace for Bangladesh: A Decentralized Solution to Climate Accountability”, 2025 IEEE 23rd Student Conference on Research and Development (SCoREd), 25 - 26 November 2025 - Universiti Malaya, Kuala Lumpur, Malaysia.
- Sayeed Islam, **Md. Zakir Hossan**, “A Review of Available Standard Dataset for Automated Medicine Pill Recognition Technology”, Third International Conference on Intelligent Computing, Instrumentation & Control Technologies, ICICICT-2022. Aug 11-12, 2022, Kannur, Kerala, India.
- Sayeed Islam, Md. Ferdous Khan, **Md. Zakir Hossan**, M Ashraful Amin, ”An Overview of Radio over Fiber (RoF) Technology”, 2nd INTERNATIONAL CONFERENCE ON INTELLIGENT COMPUTING, INSTRUMENTATION AND CONTROL TECHNOLOGIES. Jul 5-6, 2019, Kannur, Kerala, India.
- Tanjina Piash Proma, **Md. Zakir Hossan**, M. Ashraful Amin, “Medicine Recognition Using Number of Color and Text of Pill Image”, 3rd International Conference on Graphics and Signal Processing. June 1-3, 2019, Hong Kong.
- **Md. Zakir Hossan**, Sayeed Islam, Md. Ferdous Khan, Sayma Shammi, M. Ashraful Amin, ”Boiler Explosion In Bangladesh: Causes, Consequences and Precautions”, International Conference on Management Science and Industrial Engineering. May 24-26, 2019, Phuket, Thailand.
- Sakawat Hosain Sumit, **Md. Zakir Hossan**, Tareq-Al-Muntasir, Tanvir Hassan Surov, ”Sentiment Analysis with Recurrent Neural Network using Long Short-Term Memory in Bengali Language”, International Conference on Bangla Speech and Language Processing (ICBSLP), September 21-22, 2018, SUST, Sylhet, Bangladesh.

Research Outcome: Datasets

- **Recognizing Medicine from Medicine Image:** Develop and deploy the medicine recognition system on the custom dataset and improve the overall feature detection techniques, which will be extremely useful to identify their prescribed pills out of the packaging.
- **National Medicine Image Database Creation:** Collecting raw pill image data maintains the quality of images such as proper lighting, angle, and visual of the engraved or imprinted text on the surface.
- **40k Bangla Newspaper Article:** Custom-made Bangla text corpus from various online newspapers. The Dataset may be used for Text Generation, Document Classification, Topic Modeling, etc. <https://www.kaggle.com/zshujon/40k-bangla-newspaper-article>.
- **4K Bangla Song Lyrics:** The dataset contains 4K (4068) Bangla song lyrics in Bangla Unicode font. All the lyrics were collected via web scraping. Those who want to use this must do some cleaning. The dataset is useful for character-by-character sequence generation or any other NLP task. <https://www.kaggle.com/zshujon/4k-bangla-song-lyrics>.
- **Bangla digits:** Bangla digits from standard TTF (true type font) file. <https://www.kaggle.com/zshujon/bangla-digits-from-ttf-files>

Technical Skills

Languages: Python, Java, C, SQL

Developer Tools: VS Code, Eclipse, Google Cloud Platform, Android Studio

Technologies/Frameworks: Linux, GitHub, WordPress
